

# C-SUB

## CINEMA SUBWOOFER

An absolute must have for a small sized cinemas - C-Sub provides low end support and so much needed "air" in the theater. Powerful 15" long excursion driver and efficient box design allows you to go as low as 30 Hz for all tank cannon blasts you need.

### Main features:

- 750W nominal power
- 15" woofer with 4" voice coil
- 129 dB Max SPL
- Efficient vented box design

Frequency Response (-10dB)	30-220 Hz
Max SPL (peak)	129 dB (calculated)
Sensitivity (1W/1m)	95 dB
LF Transducer	15"
Impedance	8 Ohm
Nominal power	750 W
Program power	1500 W
Peak power	3000 W

Connectors	4 terminal plate
Dimensions (W×H×D)	466×806×375 mm
Net weight	36 kg
Shipping weight	41 kg
Enclosure materials	Plywood; wear-resistant paint
Color	Black
